

## ***BROCHURES & OTHER RESOURCE MATERIALS***

### ***CONSIDERATIONS FOR NTOs...***

Many, many more NTO resources and marketing materials are available, often free of charge, through industry, government, schools, and private service organizations. Examples include posters, videos, nationwide nontraditional employment training program lists, calendars, copyright free illustrations, research studies, training curriculum, fact sheets, bumper stickers, etc. The State of Wisconsin, Department of Workforce Development *NTO Tool Kit* Resource Manual, which was distributed to Job Center and LCPT directors throughout the state in 1997, is an excellent source for additional information and contacts. More information may be obtained through members of the Nontraditional Coordination Team at the Job Center or through persons listed in the acknowledgement section at the front of this guide.

Apprenticeship information folder –  
Construction Labor Management Council (CLMC)

Non-union apprenticeship information brochure –  
Associated Builders and Contractors of WI, Inc. (ABC)

“Geared for Progress” –
